PROFESSIONAL SUMMARY

Full-Stack Software Developer with professional experience at **DigiCoders** specializing in the **MERN stack** (React.js, Node.js, Express.js, MongoDB). Proven track record in building responsive, user-centric web applications and managing end-to-end project lifecycles, including leading a team for a **Smart Irrigation System**. Combines technical proficiency in **Java and Python** with research experience from a **Data Analysis internship at IIM Bangalore** to deliver scalable and efficient software solutions.

TECHNICAL SKILLS

- ❖ **Languages:** JavaScript (ES6+), Java, Python, HTML5, CSS3
- ❖ **Frameworks/Libraries:** React.js, Node.js, Express.js, MERN Stack
- ❖ **Databases:** MongoDB, Mongoose
- ❖ **Developer Tools:** GitHub, VS Code, Git
- ❖ **Soft Skills:** Team Leadership, Problem Solving, Time Management

PROFESSIONAL EXPERIENCE

DigiCoders | Lucknow, UP

Software Developer | January 2026 – Present

- ❖ Architecting and maintaining responsive web applications using the MERN stack.
- ❖ Collaborating with cross-functional teams to implement scalable features and optimize performance.
- ❖ Developing clean, reusable code components to improve development efficiency.

Indian Institute of Management Bangalore (IIMB) | Internship

Data Analysis & Research Intern

- ❖ Assisted in data analysis and research for high-impact academic and industry projects.
- ❖ Contributed to the design and development of web-based solutions using modern frontend technologies.
- ❖ Collaborated with faculty and mentors to prepare technical reports and professional presentations.

Younity | Internship

Digital Marketing Intern

- ❖ Executed data-driven digital marketing campaigns across various social media platforms.
- ❖ Assisted in professional content creation and promotion to enhance brand visibility.
- ❖ Developed core competencies in campaign analytics, communication, and digital strategy.

ACADEMIC PROJECTS

Professional portfolio website (inzamamulhaque.in)

- ❖ Developed a high-performance personal portfolio website using semantic HTML5 and responsive modern CSS layouts to showcase technical expertise and full-stack projects.
- ❖ Implemented production-ready SEO practices, including custom meta tag injection, strategic title hierarchy, and configured DNS TXT records to achieve proper Google Search Console verification and indexing.
- ❖ Engineered the platform with automated asset organization and structured codebase architectures to ensure cross-device mobile responsiveness.

Smart Irrigation System Using Bot | *Group Leader*

- ❖ Led a team of five students to develop an automated irrigation bot at Integral University.
- ❖ Managed the end-to-end system architecture, including hardware integration and software implementation.
- ❖ Successfully delivered the functional project within a 7-week development sprint.

EDUCATION

- ❖ **Bachelor of Computer Applications (BCA) | Integral University, Lucknow**
- ❖ **Intermediate (12th) | Hazi Amin Inter College, Basti (80.50%)**
- ❖ **High School (10th) | Hazi Amin Inter College, Basti (87.17%)**

ACHIEVEMENTS

- ❖ Secured a prestigious internship at IIM Bangalore, gaining exposure to real-world technical research.
- ❖ Successfully led a team of 4 to complete the "Campus Bazaar" live project.
- ❖ Active participant in hackathons and technical workshops, focusing on leadership and teamwork.
